A Winning Legal Team Specializing in Construction Law

THE ROAD TRAVELLED

The lawyers at BSJZ Law are among the best in the business. Our lawyers have been rated by **Super Lawyers**®, an industry rating service that reserves its designation to 5 percent of the practicing lawyers, and recognized in several other publications including *The American Lawyer* and *Corporate Counsel* and the *dbusiness*® magazine.

Our lawyers have real-world trial experience with complex business disputes and have worked together over the past decade. Together, our lawyers have tried million-dollar cases throughout the country. Each lawyer brings a unique set of talents that are simply hard to find in this world of bill-and-settle law firms.

THE ROAD AHEAD

Our clients are constantly reinventing themselves, innovating to keep ahead of the competition, improving their products and services while reducing costs.

WHY NOT US?

That's the question the members of BSJZ Law asked when they decided to break free, and break the mold of old-time lawyering. While our lawyers came to the practice of law with impeccable credentials, they constantly challenge themselves to improve, to adapt latest technologies, to hone their skills with advocacy, and to develop instincts that come with years of hard-fought battles.

WHAT SETS US APART?

Our drive to succeed for our clients. Frankly, that is what brought the members of BSJZ Law together. The success of a lawyer is determined by more than skill. Drive plays a vital role. Our lawyers strive to excel at both. And the results that each of our lawyers have achieved for clients over the past decade back us up.
